

Super Grease Lubricant No. 43900

- Colorless
- Odorless
- NSF Category H-1
- Excellent dielectric
- Contains PTFE
- Will not freeze, melt, gum up
- Compatible with other lubricants
- No silicones
- Will not wash out
- NLGI#2

Repels water. Will not separate, run, fall out. Thixotropic properties provide excellent mechanical stability when sudden temperature changes occur. Exceptional load-bearing properties. Clear, clean, non-yellowing grease. For injection molds, mold assemblies, especially medical and food grade plastic parts. Prevents corrosion.

NOTICE TO PURCHASER: User shall determine suitability of product for his intended use and assumes all risk and liability in connection herewith.
