

### **Penetrant Plus® Rust Preventive No. 41812**

- Non-silicone, PTE-based formulation
- Choice of spray or stream
- Dust free
- Non-staining
- Harmless to most plastics, rubber, paint, etc.
- Cleans and dries out electrical equipment

Mono-molecular penetrating film frees rust-frozen parts. Lifts and replaces moisture with protective film. Lubricates without affecting performance of electrical equipment. Non-conductive because it has high dielectric strength and lubricates delicate electronic equipment. Protects up to six months under normal conditions.

**NOTICE TO PURCHASER:** User shall determine suitability of product for his intended use and assumes all risk and liability in connection herewith.
